

American Institute of Aeronautics and Astronautics

# The 21<sup>st</sup> Century: The Century of Biology on Earth and Beyond

A dinner meeting with SETI researcher Jill Tarter

When: February 8, 7:00pm

Where: Michael's at Shoreline

Register: <http://www.aiaa-sf.org/>

*Also: book sale and signing of "Making Contact - Jill Tarter and the Search for Extraterrestrial Intelligence"*

Come and hear about how this century will permit us the first opportunities to study biology beyond Earth, biology as we don't yet know it, and biology that we have exported off the surface of our planet.
